LET'S HURT YOUR DIRT

1981
Over 40 Years of
Manufacturing Excellence

Manufacturing Quality Cleaning Solutions Since 1981

Established in 1981, Leardon Chemicals is a proudly Australian-owned manufacturer of high-quality cleaning and hygiene chemicals based in Melbourne, Victoria.

For over four decades, we have been committed to developing innovative, reliable, and cost-effective cleaning solutions for commercial and industrial applications. What began as a local manufacturer has grown into a trusted supplier serving customers throughout Melbourne and across Australia.

Our extensive product range is designed to meet the needs of the hospitality, food service, healthcare, commercial cleaning, automotive, industrial, and facility management sectors. From everyday cleaning products to specialised chemical solutions, every product is manufactured with a strong focus on quality, consistency, performance, and safety. At Leardon Chemicals, we believe that long-term customer relationships are built on dependable products, competitive pricing, and exceptional service. Our experienced team continually invests in product development and manufacturing processes to ensure our customers receive effective cleaning solutions that meet the highest standards.

Today, Leardon Chemicals proudly manufactures and supplies a comprehensive range of cleaning chemicals, supporting businesses of all sizes across Australia. Whether you require standard formulations, bulk quantities, or customised chemical solutions, we are committed to delivering products you can rely on.
